RTI International Recognized as Best Workplace for Commuters 01-08-2010

RESEARCH TRIANGLE PARK, N.C. — RTI International earned the National Standard of Excellence in commuter benefits by Best Workplaces for Commuters.

RTI received the recognition for its outstanding commuter benefits, including offering staff members transit and vanpool passes, rideshare matching, preferred parking for carpools and vanpools, secure bicycle parking, and an employee commuting awards program.

RTI also provides staff members the option of compressed work schedules or working remotely.

"As leaders in health, environmental science and energy research, we at RTI recognize our responsibility to promote environmental sustainability and employee wellness," said Lorena Clark, senior vice president for Human Resources and Corporate Affairs. "We continue to work to improve our commuter program at all our office locations and to encourage staff members to participate."

RTI has an active cycling group and on-site bicycle repair facility and provides staff members who commute by bike with reflective safety vests and water bottles.

Best Workplaces for Commuters promotes transit, carpools, and teleworking as economically beneficial options to drive-alone commuting and demonstrates that the options provide value to workers, employers and the environment.
